

## STEP 6 EMAIL #4

### To CIL After Superintendent Meeting (Positive)

**Recipients:** To CIL after Superintendent Meeting

**Goal:** Share update; wait on acknowledgement

**Subject:** LifeWise Update

Dear Community Member,

We have good news unfolding in [SCHOOL DISTRICT NAME] and we wanted to share this update with you!

On [DAY/DATE], the local Steering Committee had the opportunity to meet with Superintendent [LAST NAME], and we wanted to let you know some encouraging news that came from that meeting. [HE/SHE] received the information presented and gave acknowledgement that we can take the next steps in making LifeWise Academy a reality in our school district!

#### **(Paragraph Option A - Forward Movement)**

This acknowledgement means our Steering Committee can begin the process of hiring a Program Director. We praise God for His favor over this step! Watch your email for forthcoming information on how you can continue to support the local LifeWise program and continue spreading the word and growing our Community Interest List [CIL LINK].

#### **(Paragraph Option B - Present to School Board)**

The superintendent has requested that our Steering Committee present to the school board. We would love to show how committed this community is to the LifeWise program, so if you want to join us in support, please join us on [DATE] at [TIME]. You don't have to speak, but your presence will show the board the commitment from our list of names goes beyond signatures. We would love for you to wear a [LifeWise t-shirt](#) (or something red, if there's no time to order one)!

Thank you for your continued support and prayers for LifeWise Academy!

Sincerely,
